HELP RENOVATE  
LOCAL SCHOOL

Gettysburg College fraternity men will continue with their community-aid "Help Week" projects this year, and they have selected the Retarded Children's school and the National Park as the recipients of their aid.

The pledges of the thirteen fraternities will wield paint brushes and tools during "Help Week," March 5 to 11, in a private "Clean-up, Paint-up, Fix-up" campaign. It is estimated that from thirty to forty students will participate this year, dividing their work force between the two projects on three afternoons during the week.

"Help Week" was initiated by the Interfraternity Council several years ago, as the climax of the pledge period for the fledgling fraternity men. It has replaced the less constructive activities which are traditionally associated with the pledge period. Last year's pledges cleaned up a small country cemetery as their project.

**Pledges Select Projects**

One innovation was introduced this year. The pledges selected the projects, through the Interfraternity Pledge Council, at which each fraternity's pledges are represented. In previous years, the council set up the projects. The pledge committee in charge of "Help Week" includes: William Main, chairman, Paul Hoffman and Lynn Cuthbert, president of the council.

Hoffman explained that the students will work on the Retarded Children's school project through Miss Bettie Livermore, secretary of the Child Welfare Services and a member of the Retarded Children's Association. "The school on High St. must be over a hundred years (Continued On Page 5)

Ike Asks Congress For \$101  
Billion Highway Approval

By HERB ALTSCHULL  
WASHINGTON (AP)—President Eisenhower, asking Congress to approve his 101-billion-dollar highway program, said today the country must have a road network permitting people to move out of target areas quickly in case of atomic attack.

In an 1,800-word special message, the President cited the danger of "deadly congestion" during atomic warfare as one of four reasons for "action, comprehensive and quick and forward-looking" for highway improvement.

He also said:

1. Better highways would save lives, reducing the annual toll of 36,000 killed and more than a million injured. Eisenhower said the economic loss from accidents is estimated at \$4,300,000,000 a year.

2. Poor roads add to the cost of operating vehicles over them—

as much as one-cent a mile per vehicle for a total yearly cost of 5 billion dollars. He said the higher road transportation costs are reflected in the cost of goods and are paid ultimately by the individual consumer.

3. The country is growing and, as population and national output increase, highway development and improvement must be increased. Unless this is done, Eisenhower said, "existing traffic jams only faintly foreshadow those of 10 years hence."

The Eisenhower program, as set out in the message, followed the general lines of a report drafted last month by an advisory committee headed by Gen. Lucius D. Clay.

However, the President passed (Continued On Page 2)

ANTQUES ARE  
DISCUSSED AT  
GUILD MEETING

"The Appreciation of Antiques" was discussed by John Byers, Littlestown, at a meeting of the Associated Arts and Crafts Guild of Adams County Monday evening at the YWCA.

"Some older people do not care for antiques," he said. "Neither do the young. But many of us may cherish one or two pieces which belonged to a relative or dear friend. Sometimes at a public auction we find beautiful pieces such as ironstone china or a circus with tent, clowns, ladder, an elephant and giraffe in miniature form. These things may be considered junk by those who do not appreciate their value."

Mr. Byers, former president of the association, described period furniture. "Oak furniture became popular about 1500," he said. "Later on came cherry and mahogany in 1670, satin wood in 1765, Queen Anne in 1702 and (Continued On Page 2)

Urge Checkups For Pupils Before  
Going To School After Illness

The Adams County Medical Society, in a resolution adopted at its February meeting, urges parents of school children to have their children checked by a physician before returning to school after absences of three or more successive days.

This precaution is specially urged by the doctors in cases where contagious diseases were involved.

The medical society's action came after letters had been addressed to their organization by Dr. Lloyd C. Keefe, superintendent of schools in Gettysburg, and from the Sisters of Mercy at the Gettysburg parochial school.

**Letters From Schools**

Dr. Keefe's letter asked the help of the county medical society in solving school health problems that include the too-early return of pupils who have been ill, particularly those who have had communicable diseases. Dr. Keefe pointed out that when pupils come to school by bus and have no means of returning home until the end of the school day, the school authorities have a problem in their care and no facilities for isolating them.

The letter from the Catholic school indicated authorities there would "welcome county-wide enforcement of a rule requiring a doctor's certificate to admit a pupil after three days or more of absence." That letter also proposed that a prescribed number of days be required to elapse before the pupil's return to school after having contagious disease.

**Add 3 New Members**

Both letters pointed out the danger of spreading infection when ill youngsters return to school without doctors' examinations.

Letters informing school authorities of the society's action have been sent by Dr. James Allison, medical society secretary.

At the same medical meeting Dr. Robert Lefever, Gettysburg; Dr. Leah Maitland, member of the staff at Mount Alto, and Dr. Allen Kelley, East Berlin, were admitted as members of the society. Dr. Joseph J. Baker, society president, presided at the meeting.

Here And There  
News Collected At Random

**Shrove Tuesday, the day before Ash Wednesday, was so called as the day of "shrift" or confession before the Lenten fast began, according to the Encyclopaedia Britannica.**

In French, it is known as Mardi Gras, "Fat Tuesday," an allusion to the fat ox which is ceremoniously paraded through the streets. The Germans knew it as Fastentienstag, and in England the eating of pancakes survives as a social custom, the day having been called at one time "Pancake Tuesday."

In many countries it is celebrated as the last day of the pre-lenten carnival, with feasting and merrymaking.

• • •

The carnival season is of ancient and somewhat obscure origin. Rome long was headquarters of carnival, and though periodic efforts were made to stem the tide of Bacchanalian revelry, the event was generally highlighted by games, races and bull-baiting in the Forum.

Pope Paul IV, on the other hand, "kept carnival" by inviting all the Sacred College to dine with him, and Sixtus V set himself to restrain the excesses and to repress lawlessness. As a warning to offenders, gibbets were placed in conspicuous places.

The carnival was originally introduced to the United States (Continued On Page 3)

\$1,300 SHORT IN  
FUND CAMPAIGN  
OF BOY SCOUTS

The Black Walnut District of Boy Scouts is short \$1,300 in its annual drive for funds in those sections of the district other than Gettysburg.

Attorney Eugene R. Hartman, district chairman, today said contribution to the drive total \$500, out of \$1,800 needed if the district is to carry on its planned program.

"The \$1,800 sought is in addition to the \$2,500 which was raised through the Community Chest drive in Gettysburg."

Contributions so far have averaged \$3.50 each, and most of those who donated have been "new contributors," Hartman said. He added that he is hopeful that those who have been regular contributors through the years will donate again this year.

**Many Scout Services**

The money raised provides scouting service for more than 400 boys, Cubs, Scouts and Explorers who are in the scouting program in the district. It provides a trained field representative, services of the York office, training for adult leaders such as the University of Scouting which begins this month at New Oxford High School for scout leaders of the Black Walnut and Conewago districts, and also helps provide for the operation of Camp Tuckahoe, the Boy Scout camp near Dillsburg.

Hartman asked those interested to send their contributions to Black Walnut District Boy Scouts, 126 Baltimore St., Gettysburg.

Heretofore the drive was conducted on a door-to-door basis. This year the district is hoping its mail campaign will suffice.

These included:  
1. A plan for a 30-year bond issue to be financed by a federal highway corporation that would finance a planned 40,000 mile interstate highway network with a total interest cost of 1½ billion dollars.

2. A plan to reimburse states for money spent on building toll roads that become part of the interstate network.

On the bond issue, Eisenhower said:

### "REMEMBER WASHINGTON"

It's been said time and again . . . George Washington was great . . . so what is there for me to do . . . except reiterate . . . the father of our country . . . was truly of the best . . . for history relates to us . . . how he withstood each test . . . his road was not an easy one . . . of this we're all aware . . . but when the going was the worst . . . he showed a courage rare . . . his good example has endured . . . the ravages of time . . . and we of this great modern age . . . regard him as sublime . . . Washington is synonymous . . . with truth and golden trust . . . a man of God who was indeed . . . extremely kind and just . . . so Americans will honor him . . . as time goes rolling by . . . the memory of Washington . . . will never ever die.

## Today's Talk

## DARE IT IN FAITH!

It is always an inspiration to read about a man who has come up from a humble youth to an outstanding position of responsibility and usefulness. It is an exceptional honor and privilege to meet such a man, as I did recently. Today the name of Harlow Curtice, president of General Motors, is almost a household name throughout the nation, a man who once put a want ad into a newspaper for a job—a job that he got and immediately made so important that he attracted others to him, finally reaching the great position that he holds today.

What sort of a man is he? I would say kindly, courteous, modest, and with eyes that have a look to them of having always dared in faith! Men of the courage and ability that Mr. Curtice has demonstrated are all too few but eventually someone, somewhere, finds them out, and no job is too big for them to hold.

The story of the miraculous growth of the western world has been written by men and women who dared and went ahead, led by their indomitable and never-dying faith. They have been religious, God-fearing men and women. They had vision. That vision is bigger today than ever because of the inspired example of those who led the way, demonstrating what could be done. Is there anything worth while that cannot be achieved by daring, backed up by faith?

It took daring and faith to put those tubes under the Hudson River from New York City to New Jersey—but it was done by daring men after many another had given up the idea or failed in it. Who ever dreamed that we would have planes that would soar through the air at over 600 miles an hour? We thought it was a great achievement when the Wrights stayed in the air for a mile or so!

Why can't there be a universal daring for peace in the world? Imagine what would happen to mankind if say 50,000,000 men and women of the free world should give themselves over to faith and prayer for peace, daily, until it should be achieved. That would mean more than any material triumph imaginable!

Tomorrow Mr. Adams will talk on the subject: "Relax. Be Your Best!"

## WASHINGTON'S BIRTHDAY

Though I am not George Washington,  
His birthday brings the thought to me:  
I wonder what my dad had done  
Had I chopped down his cherry tree.

I wonder what my dad had said  
If I had looked him in the eye  
And answered, as did George,  
long dead:  
"Father, I cannot tell a lie."

I doubt that on that fateful day,  
Discovering the fallen tree,  
That he would smile on me and say:  
Some day a president you'll be.

Though slow to anger was my dad,  
And always very fond of me,  
I think that day his truthful lad  
Had sprawled face down,  
upon his knee.

## NATIONALISTS FAIL TO STOP RED BUILDUP

By SPENCER MOOSA

TAIPEI, Formosa (P) — Three straight days of Nationalist air attacks have failed to stop the Red buildup of the Taishan Islands threatening nearby Nanchishan, reliable reports said Monday.

Nationalist pilots reported sighting a submarine Monday off Red-held Pingtan Island, 30 miles west of Formosa and southeast of Foochow. However, they said it submerged before they could identify it.

A second Communist buildup has begun on the Fukien province coast opposite the strategic Matsu Islands 100 miles west of Formosa, the Defense Ministry's information service said.

**3 Days Of Pounding**  
Meanwhile, Nationalist officials set up 26 civil air defense centers to work out plans to minimize bombing casualties if war comes. These developments followed three straight days of naval and aerial pounding of the Taishan group and nearby waters in which the Nationalists now claim these totals:

Friday—1 submarine, 21 gunboats, landing craft and armed junks sunk.

Saturday—15 armed junks sunk, 5 damaged.

Sunday — One 1,000-ton gunboat "disappeared" after a direct hit, 5 landing ships hit, 1 probably sunk.

## Nationalists Planes Busy

In addition, waves of Nationalist warplanes struck again at the Taishans through last night, blasting military installations and possibly blowing up an ammunition dump, air force headquarters announced.

The Taishans are 30 miles south-west of Nanchishan, the northern-most of the offshore islands held by the Nationalists. Nanchishan is fortified and garrisoned by an estimated 5,000 regular and guerrilla troops.

Nanchishan, 140 miles north of Formosa, is about 80 miles south of the Tachen Islands, evacuated recently by the Nationalists with the help of the U. S. 7th Fleet. It was this evacuation which the

Defense Ministry information service blamed for the other reported Red buildup, opposite the Matsu Island group blocking the entrance to the Red port of Foochow, 100 miles west of Formosa.

The information service said evacuation of the Tachens had enabled the Reds to shift their forces from Chekiang province, opposite the Tachens.

## SEVEN ABOARD MISSING VESSEL

PHILADELPHIA (P) L. P. Sharples, Philadelphia, said Monday that the schooner Home Sweet Home, missing in the Atlantic Ocean with five prominent Philadelphians and two crewmen aboard, may be drifting with disabled engines.

Sharples, vice president of the Sharples Corp., has just returned from Bermuda where he flew to survey efforts to locate the vessel which sailed with Ward Wheelock, Philadelphia advertising executive, members of his family and two guests aboard.

He said experienced professional sailors in Bermuda feel that if the HSH is still afloat her crew could drift for many weeks with the food and water available. Sharples praised the Coast Guard for its efforts to locate the HSH.

The Wheelock party left Hamilton, Bermuda, Jan. 13 for the 950-mile cruise southeast to Antigua. The last word received from the schooner was at 8:30 a.m. the next day when the vessel opened radio communications with the Coast Guard.

Both projects are part of a five-year expansion program calling for investment of 100 million dollars, David L. Luke Jr., president of West

## President Endorses "Back To God" Move

WASHINGTON (P) — President Eisenhower said last night a belief in God is "the first — the most basic — expression of Americanism" and he urged all Americans to join in a "Back to God" campaign.

In a talk transcribed for a New York City radio and television broadcast launching the American Legion's "Back to God" program, Eisenhower said:

"Without God, there could be no American form of government, nor an American way of life. . . . Thus the Founding Fathers saw it, and thus, with God's help, it will continue to be."

Virginia Pulp and Paper Co., told the New York Society of Security Analysts today.

Luke said the most likely site for the new mill was Tyrone, where the company already operates a 143-ton mill producing publication papers.

Luis Olmo, former Dodger and Braves outfielder, now is a scout for the Milwaukee Braves.

## PLEASED WITH LEUKEMIA TEST

TORONTO, ONT. (P)—A cancer research team at St. Michael's Hospital believes it has developed a successful method of attacking leukemia, a fatal blood cancer.

Treatment of leukemia victims in the hospital's wards has proved the treatments to be "very satisfactory," Dr. Charles Bardawill, director of the project, told reporters.

The method of treatment cannot be completely tested, authorities say, because of the rarity of a growth hormone used in the treatment. The hormone is extracted from the pituitary glands of hogs, sheep and horses.

During a 10-day course of treatment, however, usual tests for leukemia are reported to have shown a trend toward recovery of the patients.

Bardawill's method of treatment includes injection of the growth hormone into a patient's veins to correct the normal body supply of alkaline phosphate, thrown out of balance by leukemia.

In this way the treatment differs from standard methods which attempt to destroy by radium or X-ray while blood cells produced uncontrollably by leukemia victims. Bardawill's method destroys no cells but tries to restore body processes to their normal functions.

## WIFE PREFERS LIFE WITH REDS

COPENHAGEN, Denmark (P) — A Romanian girl, whose chauffeur-handyman husband fled his Red-ruled country's legation here to seek political asylum, flew home Sunday. She apparently left willingly.

Mrs. Maria Cimpu, 21, boarded a plane for Bucharest as a heavy guard of Danish police stood by to protect her in case she decided to seek refuge herself. Seeing her off were Romanian Charge d'Affaires Alexandru Chirila, his wife and a small group of Danish Communists who gave Mrs. Cimpu some flowers and shouted slogans.

She gave no indication she was coerced to return home. She thanked newsmen for fair coverage of her case, a Romanian press attaché who translated her remarks said.

Her husband Ion, 24, left the legation Feb. 12 with 6,000 kroner (about \$850), which was returned later to Chirila by Danish officials. Cimpu insisted his wife was being held at the legation against her will. She denied that at a news conference, calling her husband a "bandit and a traitor."

Cimpu is being held by police pending Denmark's consideration of his request for asylum.

## GHS Invades Shippensburg Tonight; Fairfield And York Springs In Home Tilts

While the Junior High dribblers are entertaining Shippensburg here this evening, the Senior High Warriors will invade Shippensburg for a South Penn League game tonight.

The Greyhounds handed the locals a 73-45 drubbing here during the first half campaign and figure to be a tough opponent in their own back yard. In Frank Wyrick, tall center, Shippensburg has the second high scorer in the circuit.

Dick Pennington, who missed last Friday's game due to illness, may be a part-time performer tonight. His presence would add greatly to the Warrior offense.

The Gettysburg reserves, who have won seven of their last nine games to pull their season mark to 8-9, will attempt to repeat a 38-22 win gained here in the preliminary.

**Battle For Lead**

Tonight's top game in the league will be the battle for first place between Hanover and Carlisle on the latter's floor. Both have 4-1 records. Hershey (4-2) may find trouble at Middletown (3-2) while Chambersburg (3-2) should win handily from invading Mechanicsburg, also 3-2.

Fairfield (5-15) entertains Northern Joint of Dillsburg tonight on the Fairfield court.

A boys' and girls' double-header will be staged tonight at York Springs with Quincy High School.

The Springer boys (7-17) dropped a 41-40 decision at Quincy while the girls won 52-30.

Littletown (13-6) winds up its campaign Wednesday evening at Newville in making up a postponed county league game. The girls' teams will also play.

## KENTUCKY HAS LOOP BATTLE ON ITS HANDS

By ED CORRIGAN  
The Associated Press

Mighty Kentucky, beaten only twice all season, found itself in the unusual position today of being forced to fight it out right down to the end of the season for the Southeastern Conference championship and a berth in the NCAA Tournament.

Adolph Rupp's charges have three league games left to play and at the moment they're tied with Alabama for the lead, each with 9-2 marks.

The Wildcats refused to play in the NCAA tourney last year because three of their top stars were declared ineligible. This time, though, Rupp is eager to play in the tourney.

**Beat Vanderbilt**

Kentucky, playing without 6-7 Phil (Cookie) Grawemeyer, who broke his leg last week, whipped Vanderbilt last night 77-59, but 'Bama kept pace by slugging Louisville State 71-51.

Their game at Lexington next Monday looms as the key to the championship.

Meanwhile, in the Big Ten Iowa knocked Illinois out of the running with an 89-70 victory over the Illini. The victory kept Iowa's chances alive. They are in second place, half a game behind Minnesota, which edged Wisconsin 71-69.

**Maryland Loses**

Iowa never was in trouble after the first few minutes and rushed to a 50-39 lead after a few minutes of the second half. Minnesota, however, had its hands full and Chuck Mencil had to find the range with four seconds left to break a tie. The Gophers, seeking their first undisputed league title since 1919, were behind most of the way.

North Carolina State clinched at least a share of the Atlantic Coast Conference crown and the Wolf-pack didn't even play. Wake Forest dropped Maryland 75-71. The Terps' defeat means they can't win the league race outright.

Tulsa kept alive its hopes of winning the Missouri Valley championship by routing Houston 69-59. While Virginia Tech snapped an 18-game losing streak and licked the Citadel 88-53 in the Southern Conference. The Gobblers, who hadn't won a game this season, might even get into the league tournament if they win another.

## STOP FIGHT AS MERENTINO IS NAMED VICTOR

NEW YORK (AP)—Cowbells rang out for Rinzl Nocero last night at old St. Nicholas Arena while the newest Argentine import Rafael Merentino chopped up the 23-year-old Brooklyn rookie.

It was a bitter scrap while it lasted, this free-swinging middle-weight battle that finally was stopped at the end of the eighth by the doctor because of Nocero's eye cuts.

Nocero was ailed around both eyes but a rash over the right eye that required six stitches was the decisive factor. It turned out later he had injured his right thumb (probably a fracture) in the third round. Until he hurt the hand, Nocero scored repeatedly with his long "windup" right hand punches. He opened up again in the seventh in a desperate bid to pull out the decision but Merentino's punches had taken their toll.

Merentino weighed 158½, Nocero 159½.

**Costa Evens Score**

Carmelo Costa, 20-year-old Brooklyn featherweight, has evened an old score with Bobby Bell and needs only a victory over Rudy Garcia to balance the two defeats on his 29-bout record.

Costa was unbeaten in 26 starts until he ran into Garcia last Oct. 25. Then he lost to Bell in his next start, Dec. 6. Last night at Eastern Parkway Arena in Brooklyn, he squared accounts with Bell, winning decisively, 9-1, on all official cards. Costa weighed 130½, Bell 126.

Rockie J. Anderson of the Springfield Indians is in third place with 62 points and leads in goal scoring with 38. Anderson is just four goals short of the record of 42 goals for a first year player, held by Wally Hergesheimer, set in 1950-51 with Cleveland.

## GWU DROPS TO 10TH PLACE IN NATIONAL POLL

By THE ASSOCIATED PRESS

When West Virginia's Mountaineers took George Washington's Colonials into camp last Saturday 83-74, they did more than just take a tight hold on the Southern Conference basketball lead. They shook the Colonials loose from fifth place in the weekly Associated Press ranking poll and dropped them clear down to 10th.

That was the only important change in the rankings as the sports writers and broadcasters gave tournament-bound San Francisco a thumping vote of confidence today.

Except for George Washington's drop, the teams remained in order down to eighth place. Following San Francisco, on top for the third straight week, came Kentucky, LaSalle, Duquesne, Marquette, North Carolina State and Minnesota. The last three just moved up a notch to fill the vacancy. Utah, 10th a week ago, moved into eighth place by a narrow margin over UCLA, which held ninth.

San Francisco, winner of 20 of its 21 games and already named as an "at-large" entry in the NCAA Tournament, drew 65 of the 110 first-place votes and 953 points. Second-place Kentucky had 11 firsts and 758 points.

Point scoring is on the basis of 10 for each first-place vote, 9 for second, etc.

The leaders, with first-place votes in parentheses:

1. San Francisco (65) 953
2. Kentucky (11) 758

The Quantico Marines turned on a dazzling performance to outclass the Mt. St. Mary's College eagles 100-76 Monday evening at Emmitsburg.

It marked the first loss on the home court for the Mountaineers this season and snapped a six-game winning streak for the Mount.

Coach Jim Phelan's squad established a new team record by boosting its output to 2,176 points in compiling a 19-4 record with one game remaining—that with Georgetown University at Emmitsburg Saturday evening.

The previous mark of 2,122 points for a season was set by the 1950-51 aggregation.

Quantico, loaded with many former collegiate greats, led throughout and throttled every semblance of a Mount rally.

The Marines will be host to Gettysburg College Wednesday evening.

## East Berlin Tops Cannery; League Playoffs To Start Thursday On College Court

## BILL SNYDER NOW OWNS SIX BULLET MARKS

Bill Snyder, Gettysburg College's basketball scoring ace, is looking for new records to break. The 6-2 senior co-captain from Allentown has established six Gettysburg scoring marks this season and each point he chalks up during the remaining games on the Bullets' schedule will make his records tougher to beat.

Through 18 games, Snyder, who co-captained Allentown High School to a state championship before entering Gettysburg, has scored a total of 406 points and has a 22.5 per game average. Both are one-season marks for Gettysburg. He has made 142 field goals and 122 foul shots so far this season, both records. His 38 points against powerful St. Francis of Loretto on Feb. 14 wiped out the old mark of 37 scored in 1951 by Bob Pizolato, another Allentown boy.

**Scores 1,026 Points**

In slightly less than three seasons of varsity play, Snyder has scored 1,026 points, making him the first player in the school's history to score 1,000 or more points in a career. He hit the 1,000 mark Feb. 16 with 31 in Gettysburg's 74-72 win over Navy, the fifth time this year he has scored 30 or more points in one contest. Also outstanding in other aspects of play, Snyder is the team's second best rebounder with 228 and runner-up in assists with 28.

His game-by-game scoring record this season is as follows: Against Elizabethtown, 12; Lebanon Valley, 21; Temple, 14; Johns Hopkins, 26; Penn State, 27; Western Maryland, 10; Hofstra, 14; Wagner, 17; Bucknell, 35; Lehigh, 23; Lebanon Valley, 30; Quantico Marines, 18; Muhlenberg, 16; Franklin and Marshall, 30; Lehigh, 18; St. Francis, 38; Navy, 31; Bucknell, 26.

East Berlin will occupy the third place position and Biglerville fourth place in the Adams County Basketball League playoffs as the result of the Indians' 43-37 triumph in a game staged Monday evening at Fairfield.

The teams had been deadlocked with identical league records of 9-5 and Monday's game was arranged in order to determine the positions each school will occupy in the playoffs.

East Berlin will meet second-place New Oxford Thursday evening at 7 o'clock at the Gettysburg College gymnasium in the first of the playoff games. Biglerville opposes Boiling Springs, unbeaten champions, in the second game.

## BULLS, BEARS TAKE HOLIDAY ON WALL STREET

By SAM DAWSON  
NEW YORK (AP)—The bulls and bears are taking a holiday today. Wall Street is left pretty much to the rumor mongers, who haven't been taking any holidays at all of late.

The ranks of the bears have been growing, apparently. There was a notable rise between mid-January and mid-February in the short interest on the New York Stock Exchange. On the American Stock Exchange there was a slight drop, although the total now is almost twice what it was a year ago.

The short interest is the total of stocks that traders have "borrowed" from brokers and sold at present prices in the expectation of replacing them later by buying them at a lower price.

**Bets Prices Will Fall**  
The short seller, in other words, is betting that prices will fall. If they do, he makes a profit. If prices of the stocks he has borrowed and must replace should rise instead, the trader is caught in a squeeze, has to buy at the higher price and loses money.

The stock exchange reports that almost three million shares have been sold short. Most of these doubtless represent the guess of individual traders that these particular issues are due for a price tumble. But not all of them.

There are other reasons that traders sometimes sell short. Around the end of the year a sizable portion of such selling is for tax reasons.

**Some Hedging**  
Sometimes short selling is for purposes of hedging. A trader may have some stock he likes and wants to keep his position in, for any number of reasons. He sells other stock of this same issue short. If the price rises, he loses on the short sales but gains on the stock he originally held—and it evens off. If the price drops, he loses on his original stock but makes it back on his short interest.

Big short interest on the exchange indicates that many bears are looking for a drop in prices, at least in the particular issues in which they have taken a short position. But the bulls take a lot of comfort from it too.

They figure this way: If the price starts falling the shorts will buy to get their profit. This buying will steady the price. If the price starts rising, the shorts will buy to halt their losses, and this buying will help send the price still higher.

## Cars Break Thru Ice; Two Drowned

PORT CLINTON, Ohio (AP)—Two cars broke through the ice of Lake Erie off Middle Bass Island on Sunday and two of six persons riding in them were drowned.

Charles Schneider, 47, who operated a boat rental service, and John Klack, 27, a net tender for Kuemmel Fisheries, were drowned. Ottawa County sheriff's deputies said the two cars were being

## Realtor Named To Turnpike Commission

HARRISBURG (AP)—G. Franklin McSorley, 51, Pittsburgh real estate man, is a new member of the Pennsylvania Turnpike Commission.

His name was submitted Monday to the state Senate for confirmation by Gov. George M. Leader to fill a vacancy on the five-man commission. One post as commissioner has been unfilled since the 1953 resignation of the late James J. Coyne of Pittsburgh. The job pays \$13,000 a year.

## BANGKOK TALKS CENTERING ON 2 MAIN TOPICS

By OLEN CLEMENTS  
BANGKOK (AP)—Delegates assembling today for the Southeast Asia Treaty conference centered their attention on two main topics—setting up a joint military force for Southeast Asia and economic help for countries threatened by Communist infiltration.

Both projects took on urgent meaning with reports of Communist activities in Laos and in Red China's Yunnan province, both just outside Thailand, the host country.

The conference of eight nations opens tomorrow. Represented are the United States, Britain, France, Australia, New Zealand and the Philippines, Pakistan and Thailand.

**Countries Confer**  
None of the delegates already on hand would discuss their plans publicly. They conferred country by country today.

U.S. Secretary of State Dulles arrived shortly after noon from Manila.

"Our purpose here is peace and freedom and I am confident that we shall find ways to make that purpose one that will prevail," he said in a statement.

Noting that he had arrived on Washington's Birthday, he said Washington "laid down principles which he hoped would enable us to preserve our freedom and, by conduct and example, help others also to be free. We have tried to live up to those ideals and, indeed, that is why we are here today."

**Army Of 20,000**  
Philippine, Australian, New Zealand and Thai delegations went to Bangkok Airport, along with Thai Premier Pibulsonggram, to meet Dulles.

Pibulsonggram said the projected military organization for Southeast Asia probably would be delegated to a committee of military men.

The slight, graying field marshal told newsmen that Thai dissidents in Red China have built up an army of 20,000 men in China's Yunnan province and would attack if the Communists decide to invade Thailand. He said his country would need help if invaded.

driven from Put-in-Bay where the occupants had attended a volunteer firemen's dance, and that the lead car got off a lighted course across the ice.

Traffic across the ice in stripped-down cars is the usual winter means of travel between Middle Bass Island and Put-in-Bay, which is about two miles away.

Accidents in which five or more persons were killed took 1,240 lives in the United States last year, the smallest number in the last five years.

## WOULD URGE VETO ON BIG TAX CUT PLAN

By CHARLES F. BARRETT  
WASHINGTON (AP)—Rep. Halleck (R-Ind.) said today he "certainly" would advise President Eisenhower to veto any tax bill including a Democratic plan for a \$20-a-person income tax cut next Jan. 1.

Halleck, assistant House Republican leader, predicted, however, Republicans would defeat the tax-cutting proposal in a House floor scrap now set for Thursday.

Democratic sponsors of the move and some other key Republicans differed. They said they saw little chance that House members, after voting earlier for a \$10,000-a-year pay hike for themselves, would kill a tax cut affecting every taxpayer.

**Trouble Looms**  
Whatever happens in the House, trouble loomed in the Senate for any tax cut move. Chairman Byrd (D-Va.) of the Finance Committee renewed his opposition to tax reductions until the budget is balanced. Sen. George (D-Ga.), senior member of the committee, termed the House move "unwise and unfortunate."

The House Ways and Means Committee voted 15-10 late yesterday to wrap the \$20 tax cut into an administration bill. This measure would postpone for another year almost three billion dollars worth of tax reductions scheduled for April 1 in corporation income and excise taxes.

Halleck said in an interview that if Republicans cannot knock out the income tax cut, then they would oppose the entire bill. He said responsibility for killing the corporation and excise tax extensions—if the bill is defeated or vetoed—would rest with Democrats.

The Democratic proposal would give a \$20 tax cut to each taxpayer and each dependent, chopping about two billion dollars from federal revenues over a full year.

**Cross Fire Of Debate**  
Already, this proposal was cooking up a steaming cross fire of debate.

Chairman Cooper (D-Tenn.) of the Ways and Means Committee said a Republican bill last year gave tax cuts primarily to the wealthy and to big corporations, in the face of a bigger federal deficit than is anticipated now.

Cooper said Eisenhower already has indicated he is planning tax cuts next year and Democrats want to make sure the relief goes to "hard-pressed, low-income taxpayers, where it is needed most."

Rep. Daniel A. Reed (R-NY), senior GOP member of the committee, denounced the Democratic move as "unpardonable irresponsibility . . . a political gimmick designed to buy votes."

## Seven Routed By Harrisburg Fire

HARRISBURG (AP)—Seven persons, including three children, were homeless today following a two-alarm fire which routed them from their two family residence and threatened other homes and the Fifth Street Methodist Church.

Firemen fought the blaze for over an hour last night before bringing it under control. No estimate of damage or cause of the blaze was given.

The flames destroyed a storage room and living quarters in the dwelling.

ADVERTISE IN THE TIMES

## DEATHS

By THE ASSOCIATED PRESS  
SARASOTA, Fla. — Fred Bradna, 83, known throughout the show world as "Mr. Circus," with Barnum and Bailey for 11 years, and equestrian director for Ringling Bros. and Barnum and Bailey for 31 years before his retirement in 1945. Born Frederick Ferber in Strasburg, Alsace. Died yesterday.

LOUISVILLE, Ky. — Kenneth A. Barker Sr., 70, chairman of the board of Louisville Asphalt Co., and well known for his work in behalf of the Optimist Club. Born in Chicago. Died yesterday.

## Ex-Minister Of Defense Returns

JERUSALEM, Israeli Sector (AP)—Former Premier David Ben-Gurion, tanned from 15 months' retirement in a Negev Desert farming community, today held his old post of defense minister.

He was sworn in yesterday after the Knesset (Parliament) approved his appointment to Premier Moshe Sharett's Cabinet by a vote of 74 to 22. Ben-Gurion abstained in the voting.

The 68-year-old Ben-Gurion resigned his joint posts of Premier and defense minister in December, 1953. Sharett called him back after Pinhas Lavon resigned the defense post.

## SAYS DELAY NOT TO KILL PAY BILL

WASHINGTON (AP)—Sen. Kefauver (D-Tenn.) said today he believes a two-day delay in the Senate vote on a congressional pay raise bill will not harm its chances of passage at all.

Kefauver, floor manager for the measure, said in an interview he thinks the \$7,500 pay boost—a 50 per cent raise—will pass the Senate by a good margin.

Sen. Morse (D-Ore.) thwarted hopes of Senate leaders to push the bill yesterday afternoon. Morse said the Senate should give the country time to make known its views on the politically touchy issue.

The House last week voted a \$10,000 increase in the present \$15,000 congressional pay. Neither it nor the Senate version would change the \$3,000 income tax exemption allowed all members of Congress. Both bills also carry boosts ranging from \$7,500 to \$10,000 for all federal judges.

When Morse objected to voting yesterday, leaders agreed to put the bill over until tomorrow. A debate limitation then should bring a final decision that day.

## Move To Restore Reorganization Bill

HARRISBURG (AP)—Sen. John H. Dent, Democratic floor leader, said Monday Democrats in the Senate would move to restore Gov. George M. Leader's government reorganization bill to its original form.

Under that form, any plan to reshuffle agencies of the state government would become law, unless either House or Senate rejects it within 30 days.

"We certainly intend to reamend it today and call it up for a vote tomorrow," Dent told a reporter.

With Democrats and Republicans deadlocked with 24 votes each neither has the necessary 26 votes to pass a bill. However, Lt. Gov. Roy E. Furman may break a tie on an amendment to a bill. But he cannot break a tie on passing of a bill.

## DIRKSEN WILL ADDRESS P.M.A.

PHILADELPHIA (AP)—The Pennsylvania Manufacturers Association will hold its annual dinner today with Sen. Everett Dirksen (R-Ill.) as the main speaker.

Short addresses also will be made by Pennsylvania's two Republican senators, Edward Martin and James H. Duff.

More than 2,500 persons are expected to attend the dinner. G. Mason Owlett, head of the organization of state industrialists and a GOP national committee member reported.

Rep. Charles Halleck of Indiana, Republican party whip, and Rep. Richard Simpson, dean of Pennsylvania's GOP delegation in the House, will address a luncheon meeting.

LONDON (AP)—Henry Cabot Lodge, chief U.S. delegate to the U.N., arrived here Monday to attend five-power disarmament talks starting Friday.

BEDFORD, Pa. (AP)—Jere C. West, 72, first president of the Bedford Chamber of Commerce, died early Monday at his home.

West, who also was active in politics and hotel work, at one time served on the Pennsylvania Security Commission. He was appointed by the late Gov. Gifford Pinchot.

He also was past district governor of the Rotary, Dist. 264, and founded the Pennsylvania Hotel in Bedford. Surviving are his widow and two daughters, Mrs. Reed Tetrick of Carlisle, and Mrs. Hugh E. Warren of Morristown, N.J. Funeral services are incomplete.

## PA. RESERVES TO TRAIN AT GAP

INDIANTOWN GAP, Pa. (AP)—Pennsylvania Army reserve members will take their two week summer encampment at Indiantown Gap Military Reservation between June 18 and Aug. 27.

Some 2,500 reservists from five states and the District of Columbia will join about 2,000 from Pennsylvania in the annual summer training program. For the first time in recent years the 79th Infantry Division will train at the Gap—from June 18 to July 2. Other smaller units from throughout the state will take their training during later two week periods.

Plans for the feeding, training and housing of the men were made over the weekend at a meeting of 79th Division officers, 2nd Army personnel and men from the headquarters staff of the Pennsylvania Military District.

Reservists from Maryland, Virginia, West Virginia, Delaware and Ohio also will train at the reservation, about 20 miles east of Harrisburg.

QUETTA, Pakistan (AP)—Violent earth tremors rocked this West Pakistan city Monday for the third successive day. Death toll in the area over the weekend was put at 12.

Nearly half the population, which with the suburbs totals more than 82,000, fled their homes. Local authorities are providing emergency food and medical supplies for the evacuees.

The tremors have been felt all across the plateau of Baluchistan. Many houses have been toppled.

## WORLD AGREES ON AMERICAN BATHING SUIT

By DOROTHY ROE  
AP Women's Editor

There's one thing on which the nations of the world are in complete accord, says Louella Ballerina, of Portland, Ore.—the American bathing suit.

Head of a staff of nine designers turning out three million bathing suits a year, Mrs. Ballerina has been doing some extended globe-trotting lately, studying the swim fashions of the rest of the world. Her conclusion:

**Swim U.S. Style**  
"No matter what language they speak or what their native styles may be for street wear, people of every country do their swimming American style."

Louella was doing a business which grossed a million dollars a year on her own in Los Angeles designing casual fashions before she joined with the Jantzen bathing suit firm a couple of years ago.

Her first big designing success in her native California was the introduction of the Bulgarian peasant dirndl skirt for American casual wear.

**All-American**  
A part of Louella's job today is keeping a finger on the pulse of world trends in fashion, and coordinating the styles produced by her firm's 24 plants, located in practically every corner of the earth. She says:

"Recently one of the big West Coast stores wanted to do a fashion show of swim styles from all over the world, so we had samples sent in from all our plants. When they arrived, they were all identical with our current American line. The promotion manager was frantic. He called me up and said, 'Quick, Louella, you've got to help us out.' Design something that looks foreign."

## TEN TONS OF LOOT

DENVER (AP)—Canton O'Donnell, manager of a veterans' housing project, reported someone broke into a boiler house and stole 90 steam radiators weighing 10 tons and valued at \$1,000.

## Boy, 7, Sees His Steer Win Show

SAN ANTONIO, Tex. (AP)—Dan Wade Crenwelge, 7, was too young to enter his 815-pound Hereford steer in the boys division of the San Antonio Livestock Exposition yesterday.

So he had to enter it in the open class along with all the adults' entries.

And last night the farm boy from Fredericksburg, Tex., saw his steer—named Shorty after the boy's grandfather—crowned grand champion steer of the show. Shorty will be sold at auction Friday.

Last year's grand champion sold for \$12,750.

## Bangkok Tries To Make Impression

BANGKOK, Thailand (AP)—Bangkok wants to make a good impression on delegates assembling here for the SEATO conference this week.

A radio truck lumbered down the street with loud-speaker booming: "Thieves! Pickpockets! Please stay inside this week because of the SEATO conference."

Later came another truck announcing: "No naked children allowed on the streets this week."

## JUDGE SCHAEFFER DIES

LANCASTER, Pa. (AP)—Judge Oliver Scott Schaeffer, president of the Lancaster County Common Pleas Court, died of a heart attack on Sunday while en route to Lancaster from Florida. He was 73.

Surviving are his widow and stepson, Robert E. Brumbach, Mantua, Ohio.

## BOY, 11, LEAVES WITH FAMILY'S CAR FOR TRIP

AUSTIN, Tex. (AP)—"Oh, no, not my boy!" exclaimed Pedro Tamayo when state highway patrolmen telephoned that his son had been intercepted at Hunter, Tex., in the father's automobile.

Hunter is 50 miles on a back road to San Antonio. "My boy is only 11 and not old enough to drive," Papa Pedro explained to the police. "Why, he could barely see over the dashboard."

Whereupon Papa Pedro hung up. The police called right back. "We do have your boy," they insisted. "Look around and see if you can find him at home."

**Boy, Car Gone**  
Papa Pedro found the boy and his car—both gone.

The boy, Robert, wanted to attend a play at St. Mary's University in San Antonio, where a brother is in school, but his parents had decided the weather was too cold for the trip, Papa Pedro said later.

Robert couldn't back the automobile out of the family garage so he pushed it out, he told officers.

## Handled Car Well

Then he loaded into the car a shotgun and shells for protection against perils of the road, two apples, a loaf of bread and a jug of water.

At Hunter, Highway Patrolman Don Breslin wasn't sure, he said, that the car, stopped in a radar trap, had a driver.

But officers said Robert came to a smooth stop, turned off the ignition and set the emergency brake with the aplomb of a veteran when they signaled a stop.
